

# Create Your Own Star Patterns

People throughout time have used the night sky to tell stories, imagining heroes, monsters, objects, and animals in the patterns of the stars. Draw lines to connect the stars below to make your own pattern. Then, use the back of this sheet to write its story.

Now that you have identified a pattern in the stars, write a story about why this object, animal, or person has been immortalized in the night sky. Did an animal learn a valuable lesson that we should remember? Is the object a special treasure? Is the person a great hero or villain? Describe the tale using the lines below.
